CERTIFICATE OF NON TOXICITY

EPDM Granules Sport&Play

All of our EPDM granules for children playgrounds and athletics tracks are agreeing with the following health and environmental standards:

FOOD CONTACT

ORDER OF 9TH November 1994 relating to materials and objects in rubber intended to be in contact with foodstuff. It makes the list of the authorized chemicals products and the quantity restriction.

All of our granules are formulated in respect with the requirements of the positive list (NOR ECOC9400131A) describe in this order.

NO SUBSTANCE OF VERY HIGH CONCERN (ex : phtalates, PAHs...)

REACH (CE) n°1907/2006 about Registration, Evaluation, Authorization and Restriction of Chemicals. It entered into force in 1 June 2007, it addresses the production and use of chemical substances and their potential impacts on both human health and the environment.

All of our granules contain no SVHC (Substance of Very High Concern) of the candidate list published in 18 December 2013 in this European Regulation.

NO HEAVY METALS

RoHS directive(CE) n° 2002/95 aims to restrict the utilisation of 6 dangerous substances like lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyl (PBB) and polybrominated diphenyl ether (PBDE).

All of our granules contain no substances describe in this directive.
